SANITARY COMMISSION,

Central Office, Washington, March 12, 1862.

Recent movements have much reduced the reserve stock of  
supplies in the depots of the Commission, and the present  
state of our resources does not warrant a repetition of the  
usual annual contribution. It is therefore necessary  
to ask that renewed and increased contributions  
should be made, especially of the articles enumerated below.

Waste will be avoided by sending all to the depots  
at Washington, D. C. All contributions to the depots  
will be acknowledged, and individuals should be referred to  
the Associate Secretary of the Commission nearest the point  
of demand, who will be able to meet them more promptly,  
and less expense, than they can be met from other sources.

The Commission is in full activity.
